

January 2012

Dear Parent/Guardian

UNCUT, UNCENSORED, UNSCRIPTED
Students tell it like it is
An Open Evening with a 'twist'

This is a ground-breaking venture being run and organised entirely by students for students on Wednesday 29 February 2012, 4.30pm until 6.30pm.

Students will act as stallholders for all our subjects and will be available to share their NEW College experience with prospective students and parents.

On the evening, the Senior Management Team, our School Liaison Staff and the Careers Team will also be available to answer any questions and advise accordingly. This is a fantastic opportunity to talk to existing students and really find out about what each subject entails from those who are actually studying it. Students will also be able to let you know about life as a college student.

On the evening, you will be able to collect a Prospectus, full course description leaflets, college newsletter, bus timetable and much more.

Please note: the only part of the college open for viewing will be the Common Room and the Learning Resource Centre where all the subject market stalls will be located. Students and parents who would like a full tour of the college on a normal working day, please contact Lauren Walker by email at the following address lauren.walker@ncpontefract.ac.uk.

Yours sincerely

Richard Fletcher
Vice Principal
