

**Health & Social Care Extended**

**Diploma (D90)**

**Level 3**

**Independent Summer Activity**

# Problems accessing links in this PowerPoint

- **Apologies if you have had trouble accessing the links embedded within this PowerPoint. The Independent Summer Activity has been changed to allow you to complete this task**
- **If you have been able to complete the original please bring this in with you on enrolment day.**

# A Learning Environment

- Produce a spider diagram on A3 or A4 paper. The centre heading needs to read “ **Effective Study Skills** ”
  - Consider the skills you feel you need to have or develop to make your first year at New College effective.
  - Place all of the skills onto your paper in a spider diagram format. This can be hand written.
  - Under each skill explain why this skill is important and how it will help you achieve good grades for your work.

# Research Task

- You are required to develop research skills throughout the course, so practicing now will prepare you well for the 1<sup>st</sup> year on your course.
- Find one article from the internet( within the last 2 years) that highlights current issues.
- Focus your search around one the following
  - ***Challenges facing the NHS***
  - ***Challenges facing Social Services***
  - ***Challenges facing caring for the elderly***

# Research Task

- Once you have selected 1 article you will need to thoroughly read and highlight point of interest. This will mean that you will need to print the article you have chosen off so we can see you have highlighted it.
- Only select 1 of the areas. **You do not** need to find an article for NHS, Social Services and Care.
- Next produce **a 1000 word essay** about the key points within the article.

# Written Task

- You can word process or handwrite your work ( must be legible)
- Use the same title as your actual article
- **Discuss** the key messages within the article
- **Explain** the effects some of these key points will have on individuals and services
- **Evaluate** the long term effects your key points might have on future provision or how this services can continue to provide quality care in the future.

# Written Task

- If you are word processing your work please use the following format
  - **Use size 12 font**
  - **Style Ariel**
  - **1.5 line space**
  - **Page numbers on every page**
  - **Full name on every page**

# Recap

- So lets recap what you need to bring in on enrolment with you
  - ✓ A completed spider diagram ( hand written or word processed)
  - ✓ A highlighted article ( that you have found) on either the challenges facing Health, Care or Social Services.
  - ✓ A word document ( or hand written) 1000 words that explains and evaluates key points of the article

***Make sure everything has your name on it and place everything in a plastic wallet ready to hand in***

# Good Luck

- You will be required to bring this completed task with you on enrollment.

***Good Luck and have a great summer break, we are really looking forward to meeting you again!!!***
