

A Level Textiles Design Independent Learning Activity

Welcome to the Textiles department, please complete the following task ready for your first day at New College.

Items required for task.

Black Fine Liner
Paper (sketchbook and/or found)

Title of the task. **MY SUMMER IN LINE.**

I would like you to create a book of 10 drawings, each page should be approximately 20x20cm with one drawing on each page, so 10 pages =10 drawings.

Each drawing should portray a moment from your summer holidays. For example; a walk with the dog, a trip out, your untidy/tidy room, looking after siblings, baking a cake/skateboarding.

If you haven't already got an account on Pinterest please make one and start a board with inspiration for line drawings. You should also look on the board I have created and pay particular attention to the first board called **SUMMER TEXTILE PROJECT**.

To access my pinterest boards please type in <https://uk.pinterest.com/katiekipper8/>

The reason I have chosen line is because we will use the drawings to translate into stitch when we start. Please use line predominantly, but take time over the drawings, the whole task should take you between 3-4 hours to complete.
