

A Level Graphic Design Independent Learning Activity

Welcome to A Level Graphic Design, please complete the following tasks ready for your first day at New College.

Task 1: If you haven't already got an account on Pinterest please make one and start a board with inspiration for handmade Type and/or digital Typography. You should also look on the boards I have created and pay particular attention to the one called 'Type' <https://uk.pinterest.com/alexvonVA/>

Task 2: Inspired by <http://www.36daysoftype.com/#landing> I would like you to produce 3 hand drawn or computer generated letters or numbers of your own. Aim to do these on 3 separate occasions just like the artists do during the 36 days of type project. You should be spending approximately an hour on each design. Aim to accompany your chosen letter/number with illustrations to show its personal significance.

Potential ideas could include; lucky numbers, name initials, house numbers, birthdays, important or memorable dates over your Summer break. E.g Leeds Fest, sporting events, family or **friend's** social occasions.

The following links and videos will be helpful and should be viewed before you start in Spetember.
